About Privilege Italia

- ◆ **Our Company:** Privilege Italia is a DMC that specializes in concierge services which deliver the most exclusive Italian experiences to travelers looking for a unique tailor-made journey in the "Bel Paese".
- ◆ Founders Mario and Francesco Staiano are two cousins who have grown up in the travel industry. While working in and around their family's business, which has spanned over 50 years and three generations, it is safe to say that tourism runs in their blood.
- ◆ Privilege Italia was born from the idea of making tourism in Italy not only a way to visit this amazing country, but to provide guests with an unforgettable experience that fully immerses them in the culture and way of life.
