In Their Words

Feedback from the clients and agency partners we work with.

It was a great vacation. Solid service throughout, with prompt drivers, excellent vehicles and passionate guides. The hotels were top notch, and we even received some upgrades. There is very little I would change. Porto and the Douro Valley were our favourite, but everything was excellent.

Working with the Buzz DMC team has been a wonderful experience. They do outstanding work: our clients came home happy and full of unforgettable memories, which speaks for itself about the care, professionalism and warmth they put into every detail. They are the kind of partner that clients end up recommending themselves, and that is priceless.
